Poland – Brazil Educational Exchange

Brazil Mobility Programme

Poland – Brazil Educational Exchange

'Ciência sem fronteiras'

Em outubro 2013, a Conferência de Reitores das Escolas Acadêmicas Polonesas (CRASP) assinou acordo com o Conselho Nacional de Desenvolvimento Científico e Tecnológico (CNPq) da República Federativa do Brasil. Sob o acordo, a Polônia adere ao programa de bolsa de estudo brasileiro 'Ciência sem fronteiras'.

Na página CRASP em inglês www.krasp.org.pl/en foi criada uma subpágina onde estudantes de mestrado e doutorado brasileiros podem encontrar informações sobre a oferta educativa das universidades polonesas que aderiram ao programa 'Ciência sem fronteiras'.

Estudantes brasileiros interessados em estudos na Polônia podem dirigir quaisquer perguntas à gerente do escritório da CRASP: biuro@krasp.org.pl

AT A GLANCE

- founded in 1997
- formed by Polish institutions of higher education which have the right to award doctoral degrees
- voluntary association of rectors representing HEIs (public or private)
- major representative and opinion body for HE sector
- 'confederation' of conferences of rectors of the various types of HEIs:

- **Universities**

- **Technical universities**

- **Agricultural universities**

- **Pedagogical universities**

- **Economic universities**

- **Medical universities**

- **Universities of Fine Arts**

- **Physical education universities**

- **Theological universities**

- **Military universities**

- **Non-public universities**

- 107 members + 10 associate members representing nearly 1.3 million students (ca. 70% of student population in Poland)
- Conference of Rectors of Public Vocational Schools (PVSs) – associate collective member representing 36 PVSs
- 7 committees and Bologna Group
- over 120 Presidium and General Assembly meetings
- over 220 opinions on regulations concerning science and HE
- ca. 30 resolutions passed every year
- search engine for member schools and their education offer

Rectors federated in CRASP

Regalia of the Rector of University of Warsaw

Welcome to Poland!

Everybody loves Poland. Businesspeople do – because Poland warrants dynamic growth and safety to their investments in the very heart of Europe. Tourists do – because Poland combines the pulsing present with a rich legacy of the heroic past. Most importantly, however, Students love Poland, too: those who have experienced the country are drawn to it forever. And no wonder: it is since mid 14th century that Poland has been a country of life-time opportunities to anyone seeking quality education. Open to anyone given to exploration, friendly to those continually working to improve their skills, Poland is a brilliant choice. With over 1.6 million students and one of the highest scholarisation indices in Europe, Poland will help you boost your international experience – and make friends. Hence – this brochure. Intended as a friendly guide to help you choose what is best for you, this booklet gives you an insight into the wide scope of the educational offer of the Polish Universities participating in the "Science without borders" programme. As such, it only gives you a taste of the gamut of the study programmes and research opportunities that Poland invites you to take.

Polish Universities represents the highest teaching standards: meeting all the quality criteria

set by the EU and seeking to excel in the world-wide educational market, with every passing year the higher education in Poland becomes more and more international. Universities, the driving force of Poland's success story, never cease to develop. With their excellent faculty, open-minded professors and student-centred staff, with modern facilities and a wide, flexible variety of courses taught in a number of languages, Polish universities are very attractive for international and domestic students alike. An experience of a lifetime, studying in Poland will boost your career and warrant your personal development. It is an adventure not to be skipped. Therefore – hesitate no longer. Choose Poland.

Looking forward to wholeheartedly welcoming you at our student offices,

With all my best regards,

Profesor Wiesław Banyś
Rector, University of Silesia in Katowice
President, Conference of Rectors of
Academic Schools in Poland (CRASP)

Poland in short

Warsaw by night

- Official name: Republic of Poland /Rzeczpospolita Polska (short form: Poland/ Polska)
 - Government type: republic
 - Location: Central Europe
 - Border countries: Belarus 416 km
Czech Republic 790 km
Germany 467 km
Lithuania 103 km
Russia (Kaliningrad Oblast) 210 km
Slovakia 541 km
Ukraine 529 km
- 
- Language: Polish
 - Capital city: Warsaw
 - Major cities: Gdańsk, Katowice, Kraków, Lublin, Łódź, Poznań, Rzeszów, Szczecin, Wrocław
 - Population: 38,5 mln (2012)
 - Total area: 312 685 sq km
(304 465 sq m – land, 8220 sq m – water)
 - Climate: temperate with cold, cloudy, moderately severe winters with frequent precipitation; mild summers with frequent showers and thundershowers
 - Local time: GMT + 1 hr
 - Executive branch:
head of state: President Bronislaw Komorowski (since August 2010);
head of government: Prime Minister Donald Tusk (since November 2007)
 - Member of the European Union: Since 2004
 - Religions: Roman Catholic 89,8%, Eastern Orthodox 1,3%, Protestant 0,3%, other 0,3%, unspecified 8,3%
 - Monetary unit: zloty (PLN)
 - Actual exchange rates: www.nbp.pl

Why Poland?

Poland is a fascinating country that serves as the geographical and cultural crossroads of Eastern and Western Europe. Located at the center of the Northern European plain, Poland has been a nation of survivors since the foundation of the first Polish state more than 1000 years ago.

Through its turbulent history its people have managed to maintain their identity, and today the country enjoys a crucial position as the largest of the former Eastern European states and one of the most populous members of the European Union.

Poland is a member of the European Union. It joined the Schengen Area in 2007. As a result passport checks have been abolished on Poland's borders with Germany, Slovakia, the Czech Republic and Lithuania. In practice this means that people admitted to the Schengen Area can travel hassle-free between the 24 countries of the Schengen Area without internal land and sea border controls, from Portugal to Poland and from Greece to Finland.

Thanks to its location, Poland occupies a special place in the European Union. Poland's border on the Bug river became the eastern border of the EU. In the wider geographical and geopolitical sense Poland occupies a central position. Poland is attracting more and more foreign investment from Western Europe, as well as from the US and Asia. Poland's geographic location facilitates logistics activities, and forecasts indicate an increase in the number of immigrants to the country.

Polish institutions of higher education participate in international student exchange programmes and engage in bilateral agreements and individual exchange programmes pursued by particular schools. All of these initiatives enhance the development of relationships between Polish and foreign institutions of

higher education. The number of Polish institutions of higher education awarded an Erasmus University Charter approach 200 and the mobility of Polish students grows rapidly.

Poland's education market has been the most dynamically developing one in Europe during the last twelve years. The number of higher education institutions has increased five fold while the number of students quadrupled. Each year almost half a million young people begin their education at universities and colleges.

Polish academic traditions reach back to the 14th century, some of Europe's oldest universities can be found here. The Jagiellonian University of Cracow was established in 1364. Nicholas Copernicus and Marie Skłodowska-Curie are among the great names of Polish scientists known and admired worldwide.

Today's Polish universities continue the glorious traditions of their predecessors. University of Warsaw is ranked first in the Top Coder international IT ranking, it outperformed such great institutions as the Massachusetts Institute of Technology. A representative of Poland also leads the Top Coder individual ranking.

Polish universities offer high quality studies and are an integral part of the European education space. All leading universities offer programmes taught in English, these include medicine, engineering, humanities, business and finance. Poland takes an active part in the Bologna Process. Thanks to the ECTS (European Credit Transfer System) students can be fully mobile, and continue their education in other countries.

Associated Universities **2**

Main School of Fire Service in Warsaw,
Polish Air Force Academy

You can study the following areas with Polish SwB partners – examples

Engineering and other technological areas – except technical universities, Adam Mickiewicz University in Poznan, John Paul II Catholic University of Lublin, Poznan University of Life Sciences, Main School of Fire Service in Warsaw, University of Gdansk, University of Warmia and Mazury in Olsztyn, University of Warsaw, Warsaw University of Life Sciences

Pure and Natural Sciences – Adam Mickiewicz University in Poznan, AGH University of Science and Technology, Gdansk University of Technology, Jagiellonian University, Jan Długosz University in Czestochowa, John Paul II Catholic University of Lublin, Lodz University of Technology, Opole University of Technology, University of Gdansk, University of Silesia in Katowice, University of Warmia and Mazury in Olsztyn, University of Warsaw, West Pomeranian University of Technology, Wrocław University of Technology

Health and Biomedical Sciences – except for medical universities, AGH University of Science and Technology, Gdansk Academy of Physical Education and Sport, Jagiellonian University, Kasimir Pulaski University of Technology and Humanities in Radom, Poznan University of Technology, Silesian University of Technology, University of Gdansk, University of Technology and Life Sciences in Bydgoszcz, University of Warmia and Mazury in Olsztyn, University of Warsaw, West Pomeranian University of Technology, Wrocław University of Technology

Information and Communication Technologies – Adam Mickiewicz University in Poznan, AGH University of Science and Technology, Cracow University of Technology, Czestochowa University of Technology, Gdansk University of Technology, Gdynia Maritime University, John Paul II Catholic University of Lublin, Kasimir Pulaski University of Technology and Humanities in Radom, Kielce University of Technology, Lodz University of Technology, Lublin University of Technology, Maritime University in Szczecin, Opole University of Technology, Poznan University of Technology, Rzeszów University of Technology, Silesian University of Technology, University of Silesia in Katowice, University

of Technology and Life Sciences in Bydgoszcz, University of Warmia and Mazury in Olsztyn, University of Warsaw, Warsaw University of Life Sciences, Warsaw University of Technology, West Pomeranian University of Technology, Wrocław University of Technology

Aerospace – Jagiellonian University in Krakow, Polish Air Force Academy, Rzeszów University of Technology, University of Warsaw, Warsaw University of Technology

Medicine, Pharmaceuticals, Dentistry – Jagiellonian University Medical College, Medical University of Gdansk, Medical University of Lublin, Medical University of Silesia in Katowice, Medical University of Warsaw, Poznan University of Medical Sciences, Wrocław University of Technology

Sustainable Agricultural Production – except for agricultural universities, Opole University of Technology, University of Warmia and Mazury in Olsztyn

Oil, Gas and Coal – AGH University of Science and Technology, Silesian University of Technology, University of Silesia in Katowice, Wrocław University of Technology

Renewable Energy – AGH University of Science and Technology, Cracow University of Technology, Gdansk University of Technology, Kasimir Pulaski University of Technology and Humanities in Radom, Kielce University of Technology, Lodz University of Technology, Lublin University of Technology, Maritime University in Szczecin, Opole University of Technology, Poznan University of Technology, Silesian University of Technology, University of Technology and Life Sciences in Bydgoszcz, University of Warmia and Mazury in Olsztyn, University of Warsaw, Warsaw University of Technology, Wrocław University of Technology

Biotechnology – Adam Mickiewicz University in Poznan, Czestochowa University of Technology, Gdansk University of Technology, John Paul II Catholic University of Lublin, Lodz University of Technology, Maria Curie-Skłodowska University in Lublin, Medical University of Lodz, Silesian University of Technology, University of Silesia in Katowice, University of Technology and Life Sciences in Bydgoszcz, University of Warmia and Mazury in Olsztyn, University of Warsaw, Warsaw University of Technology, West Pomeranian University of Technology, Wrocław University of Technology

Nanotechnology and New Materials – Gdansk University of Technology, Jan Długosz University in Czestochowa, Silesian University of Technology, University of Warsaw, West Pomeranian University of Technology, Wrocław University of Technology

Technology for prevention and mitigation of natural disasters – Gdansk University of Technology, Kielce University of Technology

Biodiversity and bioprospection – University of Silesia in Katowice

Marine Sciences – Gdansk University of Technology, Gdynia Maritime University, Maritime University in Szczecin

Minerals – Silesian University of Technology, University of Silesia in Katowice, Wrocław University of Technology

New technologies for constructive engineering – Kasimir Pulaski University of Technology and Humanities in Radom, Kielce University of Technology, Wrocław University of Technology

Formation of technical personnel – Maritime University of Szczecin i Polish Air Force Academy, Dęblin

01

ADAM MICKIEWICZ UNIVERSITY IN POZNAN

Programme
English

- Biotechnology
- Chemistry, applied chemistry
- Computer Science
- Environmental Protection
- Geology

02

AGH UNIVERSITY OF SCIENCE AND TECHNOLOGY

Programme
English

- Applied Computer Science
- Biomedical Engineering
- Chemical Technology
- Electrical Engineering
- Electronics and Telecommunications
- Energy Technology
- Geophysics
- Materials Engineering
- Mathematics
- Mechatronics
- Mining and Geology
- Virtotechnology

ANDRZEJ FRYCZ MODRZEWSKI KRAKOW UNIVERISTY

Programme
English

- International Business
- International Relations and Cultrual Diplomacy
- International Toursim

04

BIALYSTOK UNIVERSITY OF TECHNOLOGY

Programme
English

- Architecture and urban planning
- Environmental engineering
- Management specialization
- Management of Innovation and Business Development

05

CRACOW UNIVERSITY OF TECHNOLOGY

Programme
English

- Architecture and Urban Design
- Chemical and Process Engineering
- Civil Engineering
- Computer Science
- Engineering of Technological Processes

- Engineering of Biotechnological Processes
- Engineering of Renewable Energy Sources
- Management and Production
- Mechanics and Machine Design
- Transportation

06 CZESTOCHOWA UNIVERSITY OF TECHNOLOGY

Programme

English

- Biotechnology for Environmental Protection
- Business and Technology
- Computer Modelling and Simulation
- Intelligent Energy

07 GDANSK UNIVERSITY OF PHYSICAL EDUCATION AND SPORT

Programme

Polish

- Physical Education
- Physiotherapy
- Sport
- Tourism and Recreation

08 GDANSK UNIVERSITY OF TECHNOLOGY

Programme

English

- Automatic Control and Robotics (Signal Processing)
- Civil Engineering
- Control Engineering and Robotics (Decision Systems)
- Control Engineering and Robotics (Automatic Control Systems)
- Environmental Protection and Management
- Environmental Engineering
- Electronics and Telecommunications (Computer Electronic Systems)
- Electronics and Telecommunications (Radio Communication Systems and Networks)
- Informatics (Distributed Applications and Internet Services)

08

- Mechanical Engineering (International Design Engineer)
- Ocean Engineering (Ship and Offshore Structures)
- Ocean Engineering (Marine and Offshore Energy)

Programme

Polish

- Automatic Control and Robotics
- Biomedical Engineering
- Biotechnology
- Chemistry
- Chemistry in Construction Engineering
- Chemical Technology
- Civil Engineering
- Control Engineering and Robotics
- Conservation and Degradation of Materials
- Environmental Engineering
- Engineering Management
- Environmental Protection
- Environmental Protection Technology

- Physics
- Power Engineering
- Spatial Development
- Technical Physics
- Transport (Faculty of Civil and Environmental Engineering)
- Transport (Faculty of Ocean Engineering and Ship Technology)

09

JAGIELLONIAN UNIVERSITY IN KRAKOW

Programme
English

- Biotechnology
- Cultural Studies – Trans Atlantic Studies
- Doctor of dental surgery program for high school graduates
- Ecology and Evolution
- European Studies – EU studies
- European Studies – European Governance
- European Studies – Europeanisation and Governance in Central and Eastern Europe
- European Studies – Studies in the Holocaust and Totalitarian Systems
- European Studies – Central and Eastern European Studies
- International Relations and Area Studies
- International Relations – Europe in the Visegrad Perspective
- Mathematics
- Medical doctor program for college-university students
- Medical doctor program for high

- school graduates
- PhD programme in Comparative Literature
 - PhD in Physical science: Astronomy
 - PhD in Physical science: Physics
 - The Interdisciplinary MA Programme in Polish Studies, Jewish Studies and History

Programme
Polish or German

- BA in Management, BSc in International Management

10

JAN DLUGOSZ UNIVERSITY IN CZESTOCHOWA

Programme
English

- Nanophysics and nanomaterials
- Physics

11

JOHN PAUL II CATHOLIC UNIVERSITY OF LUBLIN

Programme
English

- Biotechnology
- Philosophy
- Theology

Programme
Polish

- Computer Studies

- Environmental engineering
- Mathematics

12

KASIMIR PULASKI UNIVERSITY OF TECHNOLOGY AND HUMANITIES IN RADOM

Programme
English/ Polish

- Engineering and Technological Areas
- Health and Biomedical Sciences
- Information and Communication Technologies
- New Technologies for Constructive Engineering
- Renewable Energy

13 KIELCE UNIVERSITY OF TECHNOLOGY

Programme

English/ Polish

- Information and Communication Technologies
- New technologies for constructive engineering
- Renewable Energy
- Technology for prevention and mitigation of natural disasters

14 LODZ UNIVERSITY OF TECHNOLOGY

Programme

English

- Biotechnology and Food Sciences
- Civil Engineering, Architecture and Environmental Engineering
- Institute of Papermaking and Printing

Programme

English/ Polish

- Electrical, Electronic, Computer and Control Engineering
- Material Technologies and Textile Design
- Technical Physics, Information Technology and Applied Mathematics

Programme

English/ Polish/ French

- Organization and Management

Programme

Polish

- Chemistry
- Mechanical Engineering

15 LUBLIN UNIVERSITY OF TECHNOLOGY

Programme

Polish

- Architecture
- Biomedical engineering
- Civil engineering
- Electrical engineering
- Environmental engineering
- Environmental protection
- Education in technology and informatics
- Informatics

- Mathematics
- Materials engineering
- Management and production engineering
- Mechatronics

- Transport
- Technical Physics

16 MARIA CURIE-SKŁODOWSKA UNIVERSITY IN LUBLIN

Programme

English/ Polish

- Biotechnology

17 GDYNIA MARITIME UNIVERSITY

Programme

English/ Polish

- Commodity Science
- Electrical Engineering
- Electronics and Telecommunications
- Innovative Economy
- Mechanical Engineering
- Navigation

Programme

Polish

- Transport

18 MARITIME UNIVERSITY OF SZCZECIN

Programme

English/ Polish

- Geodesy and cartography
- Informatics
- Logistics
- Management and engineering of production

- Mechanical engineering
- Mechatronics
- Navigation
- Transport

19 MEDICAL UNIVERSITY OF GDANSK

Programme

English

- 6-year unified master's medical studies
- 5,5-unified master's pharmacy studies
- English language course (1 semester)

- PH.D. in medicine
- Premedical course (1 year)

20 MEDICAL UNIVERSITY OF LODZ

Programme

English

- 6 MD
- 5 DMD
- 3 BSc Nursing
- Medical Biotechnology
- PhD includes: clinical and non-clinical

21 MEDICAL UNIVERSITY OF LUBLIN

Programme

English

- 6-year Programme in Medicine for High School Graduates
- 4-year Programme in Medicine for College Graduates, with pre-medical majors or students with 3-years of college or university completed with 90 total number of credits
- 5-year Dentistry Programme for

- High School Graduates
- 5.5-year Pharmacy Programme for High School Graduates
 - Medicine
 - Medical Biology
 - Pharmacy

22 MEDICAL UNIVERSITY OF SILESIA

Programme

English

- Dietetics
- Pharmacy
- Public health

23 MEDICAL UNIVERSITY OF WARSAW

Programme

English

- 6-year program – medicine
- 5-year program - dentistry

24 OPOLE UNIVERSITY OF TECHNOLOGY

Programme

Polish

- Agricultural and Forest Engineering
- Automatic Control Engineering and Robotics
- Chemical and Process Engineering
- Civil Engineering
- Computer Science
- Economics
- Electrical Engineering
- Electronics and Telecommunication
- Environmental Engineering
- Food Technology and Human Nutrition
